JAMBOREE BADGE

Rangatahi iwi tūhura i te mua, me te hakari ki o ratou hapu, me hoa, e haere mai tahi ki te heke mai.

E tohu ana te weaver o te Koru me te ponga, he whānau katoa mātou i runga i te haere.

Young people explore the past and present with their families and friends, coming together into the future.

The weaver of the Koru and the fern symbolise that we are all a family on the journey together.

SUB CAMP BADGES

The Sub Camp names are derived from the waterways around the Jamboree site. In Maori culture waiora (water) is the source of life.

Red – Mangawhero

Mangawhero is a stream that runs to the South-East of Jamboree.

Manga = stream whero = Red

Yellow - Nihokeke

Nihokeke is a stream to the South of Jamboree.

Niho = tooth/tusk kēkē = quack

Green - Te Maire

Te Maire is the name of a stream to the South-West of Jamboree. It translates to “The tall forest trees” or “The song”

Blue - Nukuhau

Nukuhau is the name for the piece of land on the western side of the Waikato River, where it leaves Lake Taupō. It is also a stream that feeds into the Waikato River to the North of Jamboree

Purple – Taipā

Taiapā, which means dividing fence or boundary, is a place that was named after a fence erected between two pā, to keep each iwi to its allotted area. Over time, the name was eventually shortened to Taipā
